A little more about us...

St Wilfrid's Hospice is your local hospice for Eastbourne, Seaford, Pevensey, Hailsham, Uckfield, Heathfield and all points in between.

We serve a population of 235,000 and we provide high quality, holistic support for people towards the end of their lives and for their families and friends. Our services include the Inpatient Unit, Community Nursing team, 24/7 Nurse Line, Bereavement Counselling and our Wellbeing Centre.

Our purpose is reaching out to transform end of life care. We want to see a community where people talk openly about dying, live well until the end of their life and where nobody dies alone, afraid or in pain.

Whether we're offering specialist support to our patients, providing education on palliative care, or bringing the community together with fantastic events, our values; Compassionate, Professional, Progressive and Respectful are at the heart of everything we do.

Closer to You

Hospice care can help people live well until the end of their lives, but one third of those who would benefit from St Wilfrid's support are not currently accessing our services and therefore are not accessing the care that they need.

Our **Closer to You** project is designed to help people who need support to live well until the end of their lives.

Through the campaign, we plan to expand our care to:

- reach more people in the towns and villages across East Sussex
- make care accessible to elderly people
- support people with both cancer and non-cancer diagnoses
- increase awareness of the care that is available
- reduce loneliness and isolation
